Aviation Camp	Janetta Greenwood	Grades 4-6	June 24 – June 28	ON DISTRICT SUMMER WEBSITE
Description: Aviation Camp at Fernbank Science Center is a week-long activity-based camp that provides hands-on aviation experiences for rising 4th to 6th grade students. The camp is packed with activities that help future aviators understand science, technology, engineering, mathematics, and technology (STEM). More importantly, it will cultivate students’ sense of wonder, imagination, and creativity.				
Captain Planet Green Heart Idea Incubator Camp	Janetta Greenwood	Grades 5 – 12	June 17 – June 21	ON DISTRICT SUMMER WEBSITE
Description: The Green Heart Idea Incubator Camp is a culminating experience for students who participated in the Green Heart STEM Challenge during the spring 2024 semester. Students explore and identify environmental justice issues in their communities and design feasible solutions to address these problems. Student teams work through a human-centered design process to develop equitable and feasible solutions to the problems they have identified. Winning Teams (Elementary, Middle, and High) receive small implementation grants to put their ideas into ACTION. Select students are invited to attend the Green Heart Idea Incubator Camp to work with mentors on implementing their solutions.				
Aquatic Engineering Camp	Janetta Greenwood	Grades 6 – 8	July 8 – July 12	ON DISTRICT SUMMER WEBSITE
Description: Aquatic Engineering Camp is a week-long engineering camp in collaboration with Fernbank Science Center and Georgia Aquarium, Inc. where students will explore how remote-operated vehicles, or ROVs, are used by scientists to collect data or various samples, how engineers build and fly ROVs in the ocean, or what challenges are faced while building and navigating ROVs. Over the course of five days, students will learn various engineering skills that allow them to design, assemble, and operate an ROV.				
Summer Work-based Learning	Doryiane Gunter	Grades 11 – 12	June 3 – July 19	ON DISTRICT SUMMER WEBSITE
Description: The DeKalb County School District (DCSD) will implement a summer WBL opportunity that will expose students to valuable workplace experiences in various businesses and/or industries, provide continued employability skills exposure, and address the overwhelming need for employees due to a shortage of employees. This summer WBL opportunity will be funded by the DOE and the application for this opportunity will open in April.

PROGRAM	CONTACT	AUDIENCE	DATES OF PROGRAM
Serendipity	Mrs. Emmika Atkinson	Grades 1-6	Session 1: June 17 – June 21 Session 2: June 24 – June 28
Description: Serendipity is offered to provide extended enrichment beyond the traditional class schedule. All students will participate in visual/performing arts, physical and/or health education, world languages (Spanish), culinary arts, computer technology, music, and STEM.			
Girls Who Game	Ms. Andrea Wright	Grades 6-8	June 3 – June 14
Description: Girls Who Game (GWG) is an initiative focused on increasing scholars' access to technology to prepare them for success in a digital world. This gaming program gives students the opportunity to learn through play, with a focus on building global competencies and computational thinking using Minecraft Edu. Students are presented with an engaging scenario that they use Minecraft and knowledge gained from community experts to develop an innovative solution using a collaborative, team approach.			
Our Sister's Keeper GLOW Camp	Demetrice Jennings-Ingram	Grades 3-12	June 10 – June 14
Description: The OSK Summer Glow Participants will have the opportunity to participate STE(A)M and Career Exploration Activities. Vendors such as Girls Inc. will provide STE(A)M activities. Guest speakers will provide engaging information about the Day in the Life of various careers. The week will culminate with a field trip to a site within the Metro-Atlanta area that increases awareness of jobs in a STE(A)M field. Videos and artifacts will be collected to create an OSK Summer Glow Highlight Presentation.			
AP Bridge Camp	Dr. Martha Donovan	Grades 9-12	Session 1: June 24 – June 28 Session 2: July 8 – July 12
Description: AP Bridge Camp is designed for students in rising 9th-12th grade who wish to prepare for advanced academic options in high school, including AP, IB, and/or dual enrollment. Students in this camp will pursue academic topics designed to engage their interests while challenging them to think critically, collaborate, and write about their learning. Teachers will use student-centered methods to show students how to take control of their own learning. Practical strategies, like time management and study skills, will also be addressed.			
Title I Summer Literacy Camp	Dr. Myisha Warren	Grades K-2	June 17 – June 28
Description: The Literacy Camp model is designed to incorporate not only literacy skills (fluency, comprehension, analysis) but also engagement skills. Students will be exposed to a variety of reading opportunities that will also include virtual read-aloud and independent reading time. Every student will have access to high quality fiction and non-fiction literature. This fun-filled camp is for our students who are currently enrolled in kindergarten, first, and second grades during 2023-2024 school year.			
Reading Challenge	Mrs. Lummie Baker	Grades 3-8	June 17 – June 28
Description: The 2024 Reading Challenge Summer Program will be offered to rising 3rd-8th grade students who currently attend a school in the DeKalb County School District. The purpose of the 2024 Reading Challenge Summer Program is to motivate students to read for pleasure and share what they are reading by engaging with a community of readers. Students will participate in daily thematic reading challenges and use Beanstack as the monitoring system and the Beanstack Badge Book as the program guide.			
Chefs in Training Culinary Camp	Ms. Keio Gayden	Session 1: Grades 6-8 Session 2: Grades 9-12	Session 1: June 17 – June 21 Session 2: June 24 – June 28
Description: A culinary camp focused on the operations, sanitation, and safety of food preparations and operations. Middle school and high school students.
