

**Foundational Support  
& Enrichment for  
Grades 3-8**

# 2024 Scholars Academy Program

Scholars Academy will provide additional academic support to third through eighth grade students. The foundational standards-based instruction and practice will assist students with reaching proficiency levels in the areas of reading and mathematics. Additionally, the program will provide hands-on enrichment in visual/performing arts, health & physical education, and/or music.

**Contact your local school for registration information.**
