Appointments and registration for [COVID-19 testing](#) are required and available online. To ensure testing resources are available for individuals who have pre-registered for testing on their scheduled date and time, pre-registrations will be verified to ensure that the appointment date matches the actual day. Individuals scheduled for a future date will be asked to return on their scheduled day. COVID-19 testing is free and open to all individuals who wish to be tested. A driver’s license or identification card is not required.
