COLLEGE ENTRANCE EXAM SCHOOL DAY ADMINISTRATION

ACT VS SAT

College entrance exams are designed to gauge a student's academic ability and likelihood of succeeding in college. It is important that our students are afforded the opportunity to take the ACT or the SAT exam during a regular school day. The goal for the 2024-2025 school year is to offer the ACT or the SAT to Seniors in Fall 2024 and Juniors in Spring 2025.

We invite you to watch the ACT and SAT videos and read the information in the links below to gain more information about each test. Please share your thoughts using the survey link or QR code. Thank you for your support.
