First Look – School Performance Gap Closure

Introduction	...
...	<p>The primary academic outcome Georgia seeks from its local charter schools is that they increase their College and Career Ready Performance Index (“CCRPI”) score each year until they reach 100. The performance standards that measure CCRPI progress include growth in CCRPI itself and in its two major academic components, Progress and Progress Score. The Department’s “First Look” at annual charter school performance is to see if the school has met the standard for any of the following three CCRPI gap-closing measures. Meeting any one of these standards constitutes having achieved Goal 1 for a given year.</p>

CCRPI Content Mastery Score	Meets Standard
2024 Elementary CCRPI Content Mastery	65.10
2024 Elementary CCRPI Content Mastery [Goal]	64.45
2023 Elementary CCRPI Content Mastery	60.50

Not Applicable	There is no CCRPI Progress Score this year and/or last year for all grade bands.

Second Look – School-Local School System Comparisons

Introduction

...

...

If a charter school does not achieve at least one of the “First Look” School Performance Gap Closure standards, consideration will be given for achieving one of the “Second Look” School-Local School System Comparison standards. The secondary academic outcome Georgia seeks from its local charter schools is that they do better than the district or district schools to which their students would otherwise be zoned. Performance standards include whether the school exceeds the CCRPI score (CCRPI, Progress, or Progress) of its authorizing local school system or of the average of the three local school system schools to which a majority of the charter school’s students would otherwise be zoned (“majority comparison schools”).
